Sample Ballot

This is a sample ballot for review only. Go to the [Campus Elections](#) page to vote in the Fall 2002 election.

FEE MEASURES

Compulsory campus-based fees may be established, eliminated, or modified in an election in which a **majority (50% + 1) of a minimum voting pool of twenty-five percent (25%)** of the overall affected student body officially registered at the time of the election votes to approve or to modify the fee. The imposition of a compulsory fee passed by referendum is subject to concurrence of the Chancellor and approval of the President.

Abstentions will not count toward the establishment of minimum voting pool requirements. The establishment of the minimum voting pool will be determined on an individual basis for each measure on the ballot (i.e. the sum of "yes" and "no" votes on each individual measure must equal or exceed the minimum voting pool required).

MEASURE 6: Campus Student Government Fee Increase

MEASURE 6 QUESTION

Measure 6 was sponsored for placement on the ballot by the Student Union Assembly (SUA).

Shall the undergraduates of UCSC provide funding for campus-wide events, rallies, conferences, educational forums, stipends, student advocacy and lobbying efforts, and educational programs that will train students in direct action organizing, empowerment, and representation by permanently increasing the existing Campus Student Government Fee of \$2.00 per quarter to \$6.00 per quarter, beginning Winter 2002?

Student Facilities Improvements

Please indicate your support for the future development of the following new student facilities. These types of student facilities are not state-funded - - they must eventually be voted on by students as part of a referendum. Note: Payment for these types of facilities would only be assessed once the facilities are actually built and are available for student use.

Check all the facilities you think are important to develop on campus in the future:

- A new **Student Union** in the Quarry Plaza area (student organization offices, study, recreation and food/retail space).
